

# Corsica-Stickney High School Laptop Program Handbook 2022-23

The focus of the Laptop Initiative at Corsica-Stickney High School is to prepare students for their future, a world of digital technology and information. Increasing access to technology is essential for that future, and the learning tool of these twenty-first century skills is the laptop computer.

CSHS will work to create a learning environment that has a 21<sup>st</sup> century curriculum, one that is relevant and provides a real-world education. Students will develop skills in the following areas:

- Information/Research
- Communication
- Thinking and problem-solving
- Interpersonal
- Self-directional

The individual use of laptops is a way to empower students to learn at their full potential and to prepare them for the real world of college and the workplace. Learning results from the interaction among students, educators, parents and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. The Laptop Initiative integrates technology into the curriculum anytime, anyplace.

-----  
The policies, procedures and information within this document apply to all laptops used at Corsica-Stickney High School, including any other device considered by the principal to come under this policy.

Teachers may set additional requirements for computer use in their classroom.

**The school network is a private secured government network**

### **3. TAKING CARE OF YOUR LAPTOP**

Students are responsible for the general care of the laptop they have been issued by the school. Laptops that are broken or fail to work properly must be taken to the Technology Help Desk located in the school library.

#### **3.1 General Precautions**

- No food or drink is allowed next to the laptop while it is in use.
- Cords, cables, and removable storage devices must be inserted carefully into the laptop.
- Students should never carry their laptops while the screen is open.
- Laptops should be shut down before moving them to conserve battery life.
- Laptops must remain free of any writing, engraving, drawing, stickers, or labels that are not the property of the Corsica-Stickney School District.
- Laptops must never be left in a car or any unsupervised area.
- Students are responsible for keeping their laptop's battery charged for school each day.

#### **3.2 Carrying Laptops**

The protective cases provided with laptops have sufficient padding to protect the laptop from normal treatment and provide a suitable means for carrying the computer within the school. The guidelines below should be followed:

- Laptops should always be within the protective case when carried.
- Some carrying cases can hold other objects (such as folders and workbooks), but these must be kept to a minimum to avoid placing too much pressure and weight on the laptop screen.
- The laptop must be turned off before placing it in the carrying case.

#### **3.3 Screen Care**

The laptop screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the laptop when it is closed.
- Do not place anything near the laptop that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Do not poke the screen.
- Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or disks).
- Clean the screen with a soft, dry cloth or anti-static cloth.

## **4. USING YOUR LAPTOP AT SCHOOL**

Laptops are intended for use at school each day. In addition to teacher expectations for laptop use, school messages, announcements, calendars and schedules will be accessed using the laptop computer. Students must be responsible to bring their laptop to all classes, unless specifically advised not to do so by their teacher.

### **4.1 Laptops Left at Home**

If students leave their laptop at home, they must immediately phone parents to bring it to school. Repeat violations of this policy will result in disciplinary action.

### **4.2 Laptop Undergoing Repair**

Loaner laptops may be issued to students when they leave their laptops for repair at the Technology Help Desk.

### **4.3 Charging Your Laptop's Battery**

Laptops must be brought to school each day in a fully charged condition. Students need to charge their laptops each evening. Repeat violations of this policy will result in disciplinary action. In cases where use of the laptop has caused batteries to become discharged, students may be able to connect their computers to a power outlet in class or borrow a battery at the Technology Help Desk located in the library. Extra batteries must be returned to the Technology Help Desk by 8:20 a.m. of the next school day.

### **4.4 Screensavers/Tablet**

Inappropriate media may not be used as a screensaver.

Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang related symbols or pictures will result in disciplinary action.

Passwords on screensavers are not to be used.

The following activities are not allowed:

- 1) purchasing or selling of items, 2) use of credit cards, 3) political activity, 4) commercial advertisements

### **4.5 Sound**

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes. Students may purchase their own headphones; they are only to be used when given permission by a teacher.

### **4.6 Printing**

Students may use printers in classrooms, the library, and computer lab with teachers' permission during class or breaks. Students who want to print on a home printer must ask the Technology Help Desk to add their printer software to the laptop computer.

## **5. MANAGING YOUR FILES & SAVING YOUR WORK**

### **5.1 Saving to My Documents**

Students will be logging onto the CSHS network in order to back up their work. Students will have their own user account and folder on the network with ample space to back up any school-related work.

The laptops will be set up with My Documents in which students should save their work. My Documents will automatically save a copy of all student documents saved to the high school server when on the high school network. When a student adds a document to the My Documents folder while working at home or away from school, that document will be copied automatically to the school server when the student logs onto the network at school.

Additional folders in My Documents may be created or added by the student. All student work should be stored in the My Documents folder.

Only files stored in My Documents will be automatically backed up and saved. Student work saved to a different location on the computer will not be saved to the high school server.

### **5.2 Saving Data to Removable Storage Devices**

Students should also backup all of their work at least once each week using removable file storage. Removable memory cards may be purchased at a local retailer. The computer's media card reader will read the following types of memory cards:

- Memory Stick®
- Multi-Media Card®
- MultiMediaCard™
- Secure Digital™
- XD Picture Card
- Mini Secure Digital™
- RS-MultiMediaCard™

It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. Computer malfunctions are not an acceptable excuse for not submitting work

## **6. SOFTWARE ON LAPTOPS**

The software originally installed by CSHS must remain on the laptop in usable condition and be easily accessible at all times.

The laptop is supplied with the version of Windows® XP & Windows 7 Tablet PC Edition operating system and additional software. Licensed software provided with all new laptops includes:

Any additional software must be appropriate for the school environment and may not infringe on the productivity of the classroom setting.

Students are responsible for ensuring that only software that is licensed to their laptop is loaded onto their computers.

Violent games and computer images containing obscene or pornographic material are banned.

## **6.4 Inspection**

Students may be selected at random to provide their laptop for inspection.

## **6.5 Procedure for Re-loading Software**

If technical difficulties occur or illegal software is discovered, the technician will copy all files in My Documents. The hard drive will then be re-formatted. Authorized software will be installed and the data files reinstated in My Documents. The school does not accept responsibility for the loss of any software deleted due to a re-format and re-image.

## **11. LAPTOP FAQ'S**

1. Can I use the Tablet computer and software throughout my career at CSHS?

Yes. While the rapid pace of computer technology guarantees that more advanced units will be available before you graduate, your unit will be powerful enough for your classroom work throughout your career at CSHS. The available software will be usable in upper level as well as entry-level course work. Of course, just as upper level courses require different textbooks, you may need additional software as you move through the curriculum.

2. What if I already have another model or brand of laptop computer?

You will be required to use the school district issued laptop for school purposes. This is necessary to ensure that you have a computer that gives you network capability and the ability to run the software that you will need in your courses. The Corsica-Stickney School District is also limited to provide maintenance service or assistance for only the Tablet. For these reasons, other laptop computers will not be used on the Corsica-Stickney School District network at school.

3. Can I have my laptop computer over the summer?

No. All laptops will be collected at the end of the school year for general maintenance, cleaning, and software installation purposes. Students will receive their laptops again at their orientation session in the fall to ensure that everyone receives complete information about the computer, including its warranty, insurance coverage, software usage and CSHS's policy regarding the ethical use of computers.

4. What about insurance against theft or breakage through carelessness?

Your laptop computer is very portable and very valuable, making it an attractive target for thieves. Therefore, the Corsica-Stickney School District laptop protection is recommended. The protection covers the laptop for a \$25.00 payment. You will be responsible for paying an additional charge of \$200.00 for each theft or loss claim. The best insurance is to take care of your laptop. Do not leave your laptop in the building, classroom, concourse, or car unattended. Always know where your laptop is! Above all, take your computer home each night

5. Does CSHS provide maintenance on my Tablet computer?

Yes. The Technology Help Desk staff will coordinate maintenance for students. Students enrolled at CSHS will be covered by a maintenance agreement for items described in the Gateway warranty agreement and Accidental Protection Plan. Please consult the warranty agreement so that you understand what is and what is not covered.

6. What will I do without a computer in my classes if my laptop unit is being repaired or while I am replacing it if it is lost or stolen?

Corsica-Stickney High School stocks a limited number of laptop computers that can be loaned out on a first come, first-served basis. You will be able to apply for a loaner unit at the Technology Help Desk in the library, the same area where you will go for service on your laptop computer. If you are in possession of a loaner, treat it as if it were your own computer. You will be responsible for any damage to the unit or for its loss.

7. If I purchase software in addition to the available software provided through CSHS, will the Technology Help Desk staff load it for me?

Yes. Students who qualify for the Rewards Privileges will be allowed to have appropriate educational software installed by the Technology Help Desk staff. Students with Standard Privileges or Suspended Privileges are not allowed to install or download additional software to your school-issued laptop computer.

8. Do I need a printer?

You need not own one since printers are located in classrooms and the library. If you want to connect to a printer at home with the school laptop, you will need to visit the technology Help Desk and ask to have your printer software installed.

9. Will I need to buy a modem?

No. A modem is built into the Tablet.

10. How do I connect to the Internet at home?

You may connect to the Internet using a cable Ethernet connection or wireless Ethernet connection. If you have service with an Internet provider, you simply need to plug the Ethernet cable into the Ethernet port on the laptop computer. If you maintain a wireless home network, you must set the laptop to connect to your wireless connection. Dial-up Internet connections will not work on the school laptop until the Corsica-Stickney High School technician formats your laptop for a dial-up connection. Please take your laptop to the Technology Help Desk if you want your laptop configured for your home dial-up Internet access.

11. Will there be facilities to back up the files I create on my laptop?

Yes. When you save your documents to the My Documents folder, your files are automatically saved to the school storage server. You are also encouraged to save your documents to a removable memory card that can be inserted into the 7-in-1 memory card reader on the laptop.

12. What if I want to add options to my laptop later?

Only the Corsica-Stickney School District is authorized to add options and upgrades to your laptop computer.

13. What if I want to run another operating system on my laptop?

Only the operating system chosen by the Corsica-Stickney School District will be authorized to run on a student-issued laptop computer.

14. Will I be given a new battery if mine goes bad?

The laptop battery will be replaced by the manufacturer for defects. You will be responsible for charging your battery and proper battery maintenance. If you need to borrow a battery for class, you may check a battery out at the Technology Help Desk. The battery must be returned before the end of the school day, and you may be asked to pay a charging fee if your personal use of school back-up batteries is frequent.

15. What has the school done to help prevent students from going to inappropriate sites?

We have a software product which is designed to help monitor all Internet sites that students attempt to access. This software blocks inappropriate sites and also logs a history of every site that each user opens. All students who attempt to find inappropriate sites will be directed to the Principal's Office.

16. Are Student Laptops subject to school "snooping"; what if they bring their laptop in for repairs and "objectionable data" is detected? Inappropriate material on laptops should be reported to the classroom teacher, principal, or Technology Help Desk immediately upon identification. Students who have "objectionable data" on their laptop but have failed or chosen not to report it, will be referred to the Principal's Office.

17. If the accessories to my laptop are lost or stolen, how much will it cost to replace them?

In the event that laptop accessories are stolen, you should report the lost items to the Technology Help Desk or Principal's office. The cost to replace specific accessories is listed below:

- a) AC adapter & power cord: \$29.00
- b) Battery: \$99.00
- c) Laptop Sleeve: \$31.00
- d) Stylus: \$50.00
- e) Total Cost of Tablet: \$1,500

## 12. LAPTOP REWARD SYSTEM

Students will be entirely responsible for the cost of repairs to computers that are damaged intentionally.

**Accidental laptop damage:** Students who have recorded 3 or more instances of accidental laptop damage may be asked to check their laptop in at the Technology Help Desk after school. Laptops may be checked out again before classes begin the next day. Special permission to take a laptop home for class work may be permitted by the student's teacher.

- f. Individual school laptop computers and accessories must be returned to the Technology Help Desk at the end of each school year. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at C-SHS for any other reason must return their individual school laptop computer on the date of termination.

If a student fails to return the computer at the end of the school year or upon termination of enrollment at C-SHS, that student will be subject to criminal prosecution or civil liability. The student will also pay the replacement cost of the computer, or, if applicable, any insurance deductible. Failure to return the computer will result in a grand theft report being filed with the Corsica-Stickney Police Department.

Furthermore, the student will be responsible for any damage to the computer, consistent with the District's Laptop Computer Protection plan and must return the computer and accessories to the Technology Help Desk in satisfactory condition. The student may be charged a fee for any needed repairs not to exceed the replacement cost of the computer.
