**What is an Athletic Trainer?**

The fifth graders enjoyed learning about Athletic Training as they finished up their Science unit on "The Muscular System" and a unit in Guidance on "Career Choice". Students enjoyed participating in various taping methods, asking questions about injuries and injury prevention, and questions about the college credits required to become an Athletic Trainer. Travis Olsen, ATC from Carr Chiropractic, shared his knowledge of sport and body, which the students loved! They enjoyed hearing about his day-to-day job duties as well as his High School outreach activities, where he visits area high schools to provide injury evaluation/rehabilitation to student-athletes. Here are a few pictures from his visit!

# Music-Music-Music

The C/S 9-12 choir participated in the Region V Large Group Vocal Contest held on March 21<sup>st</sup> in Mitchell at the Performing Arts Center.

Above: Colin Pennings was accepted to perform in Pierre, SD for Middle School All-State Band March 2nd-3rd. He was chosen out of 400 student auditions to attend. He is pictured here with band director, Mr. Mike Davis.

Right: Corsica-Stickney had 23 Musical Munchkin students in 4th-6th Grade attend SDMEA's Festival Choir in Mitchell, SD on March 9th. They rehearsed from 9am-3:30pm, and concluded the fun day with a concert at 4pm at the Performing Arts Center. They are directed by Mrs. Tanya Davis.

Dr. Seuss week was once again a fun time in C/S Elementary building. From wearing green to crazy "Who" hair day to wearing your favorite hat or stripes, but the all-time favorite is always PAJAMA DAY!!! There is something special about getting to wear your pj's/sweats to school.

Shown right is Carter Wright who wood-burned Dr. Seuss pictures onto wood circles. Some of these were given away in a drawing during the monthly Smile-O-Gram awards.

Mark your calendars for this year's All- School Play:

***“So you want to commit a murder.”*** This is the first line in a book purchased by Myron Bernhart. And here’s a guy who knows his books since he’s collected some rare ones and proud of it. That is until his nagging wife, Marge, decides to sell them. He tries to reason with her but is argued down, not only by her but the Civic Arts League, her cronies who, of course, meet constantly at their house. When all else fails, Myron realizes it’s time to take drastic action and plans it all out. Of course, his imagination tends to wander a bit—from German psychiatrists to CSI investigators to hard-boiled 1940’s-type detectives. So he sets up the perfect murder. His wife is home alone, he has an airtight alibi, and he prepares his victim a “special” glass of tea. Everything is working, just like the book said. Marge takes the glass of tea, sits on the couch and quietly brings the glass up to her lips...when the doorbell rings. From here on it seems as if everybody shows up! Marge’s women’s club, a rare book collector, Myron’s buddy Jack, and, worst of all, Marge’s domineering sister! And in the midst of all the confusion the wrong person drinks the “special” tea...and dies! What follows is a parade of policemen, blackmailers, and in-laws as Myron wonders just what went wrong, and you will, too, in this fast-paced comedy-mystery where nothing seems to go right, even when you go *by the book*. Of course, that’s when the title of the book is “Murder for Dummies.”
