Veteran's Day Program 2017
 November 8th, 2017
 10:00am
 Corsica-Stickney Elementary Gym

Color Guard
 Welcome
 Pledge of Allegiance
 National Anthem: (audience sings)
 "America the Beautiful" (audience sings)
 TAPS

Speaker: Col. Alvin Punt
 "Because of You": 3rd-6th Grade
 "God Bless America": (Musical Munchkins will sing)
 Retirement of Colors
 (Please stand)

Veteran's Day was celebrated at both campuses. Col. Alvin Punt was guest speaker in Stickney and SGT Jason Wright was guest speaker in Corsica. Students helped with the programs and sang special songs honoring the veterans in attendance. The band also played special music in Corsica. The Stickney Legion also presented Jim Guenther with an honorary Calvary hat in recognition for playing "Taps" at all their special functions for the past several years.

Region V Junior High Music Festival

Corsica-Stickney School had six choir students and ten band students attend the Region V Junior High Festival in Platte on Tuesday, November 21. Both ensembles rehearsed from 8:15-2:00, and ended with a concert at 2:30pm.

Choir Students: (pictured left)

Back Row: Erynn Gerlach, Rachel Gerlach, and Taylor Feenstra
Front Row: Danae Dykstra, Morgan Clites, and Waylon Torticill

Band Students: (pictured below left)

Back Row: Kylie Olson, Casey Tolsma, Mara Lagge, Payton DeLange, And Lucas Krogstad
Front Row: Emily Wehri, Colin Pennings, Cora Heidinger, Bailey Dykstra, and Grace Wolbrink

From the Music Department

Music Moves US

Augustana Band Festival

Carly Lagge and Sierra Heidinger were invited to participate in the 60th Annual Augustana Band Festival on November 10th-11th. The band festival was made up of approximately 180 High school students from South Dakota, North Dakota, Iowa, Minnesota and Nebraska. All students had the opportunity to work with Composer John Mackey throughout the two day festival, ending with a 6:30 concert at the Sioux Falls Pavilion.

Gregory High School Band Festival

Morgan DeLange, Kassidy Watters and Trever Bartelt were invited to participate in the Region 5 Band and Choir Festival in Gregory, Monday, November 27th. These students will spend the day rehearsing 5 selections throughout the day ending with a 6:30pm concert at the High School Auditorium.

Freshmen Learn CPR

On October 18th twenty-five freshman at Corsica-Stickney High School took part in a CPR training course. Nicole Neugebauer, the Douglas County Armour Ambulance Director, visited the freshman as part of their Health class curriculum. As part of the training the students participated in a variety of activities. Students viewed a video demonstrating the CPR procedure, as well as stressing the importance of learning CPR in order to help save lives. Students were instructed the “Hands-Only” CPR procedure, which focuses on using chest compressions to save lives. Students got a hands on approach to doing CPR through the use of “Annie Dolls,” they were able to demonstrate the skills they learned. The number one reason people are afraid to give CPR to someone is they are afraid they are doing it wrong, any CPR is better than no CPR. Through this training course Corsica-Stickney students now have the knowledge and skills in order to save lives!

ACCEPTING DONATIONS OF HATS,
UNDIES, GLOVES, AND SOCKS AT
C/S ELEMENTARY & C/S HIGH
SCHOOL

DUE BY DECEMBER 8TH

All Donations Donated to Foster
Children in the Mitchell Area

If you wish to donate, but don't
have time to shop, monetary
donations are welcome!

ZooMobile comes to C/S Elementary

Rebecca Warner, from the Great Plains Zoo, came to Stickney to teach the students about animals and adaptations to the habitats that they live in. She brought with her a chinchilla, a Bearded Dragon lizard, Madagascar hissing cockroaches, and an Eastern screech owl along with a shark's tooth and a skeleton of a Goliath frog. The classes took turns going to the gym to hear her presentations. After her talk about each of the animals, the students got to touch some of the animals and ask questions.

1st Graders used the *Engineering Design Process* while being tasked with designing a "landing pad" for an egg. They could choose from several materials to act as cushioning and could combine them any way they wanted. They then took turns dropping an egg down the chute onto their pad. They then discussed why or why not their design worked to protect the egg and what they could do to improve their designs to work better.

Fifth graders used *The Scientific Method* while making paper airplanes. They looked at models, were given printed directions to make three plane types. Once they had their planes made, they headed for the gym to try them out. They recorded the distances and averaged the results. They discussed which ones flew the farthest and why and what they could change to improve the performance of each of the designs.

Above & Right: Mrs. Olsen challenged her 5th graders to create a character from a book using a pumpkin. The creative juices really flowed with this assignment as you can see the results were awesome!

Above: The Stickney Helping Hands sponsored a turkey coloring contest at the Elementary school. They divided the students into two divisions; there was a preschool through second grade group and a third through sixth grade group. Two winners were randomly drawn from each group and they each received a Walmart gift card.

Pictured left are the winners which were: Sydney Sweeney, Elliott VanZee, Levi VanZee, and Gabriel Ebbens.

Left: Mrs. Olsen's 5th graders presented a Reader's Theater piece for the other classes. Pictured here is the 1st grade enjoying the play.

Above: Mrs. Hosman's 2nd graders went from class to class presenting a short story with singing and actions that they acted out for their peers. They are pictured in the 3rd grade room.

Happy Halloween

Mrs. Kemp reads a story to the students before the Smile-O-grams
