

Both construction projects are nearing the completion. We will be hosting open houses at both campuses in the near future. Corsica's will be over Wing-Ding Days and Stickney's will be over Donnie Days, watch the papers for more info.

The second phase of the Stickney site project is underway and will continue through summer and fall until it is completed. The double doors by the lunchroom will be the "Front Doors" for the time being while the new part is being built. Sherry's office will be in those doors and to the right (down the hall towards the band room). Mrs. Kemp will be in the new part in the NW corner if you are looking for her.

**Thank you** for your patience as we make improvements to both campuses.

# FCCLA State Conference

Twenty-nine members from the Corsica-Stickney chapter competed in events this year at the State FCCLA Conference in Sioux Falls, SD on April 23<sup>rd</sup>-25<sup>th</sup>. Out of the 29 students, 14 groups presented a project. Four projects received a gold rating, nine received a silver rating, and one received a bronze rating. The chapter also received the following awards: a gold rating for the merit chapter award, a membership increase award, and five students received the “Power of One” award. The FCCLA members were also able to hear Dusty Johnson and Kristie Noem speak! This was the first time either have attended the FCCLA state conference.

Members who attended the event and their placing are listed below:

# Virgil's Wedding

Mrs. Eide and her cast/crew presented a hillbilly comedy about Virgil and his bride-to-be who was set on marrying "Mr. Right", so when "Mr. Wright" shows up the day before the wedding...chaos ensues. The poor wedding planner must endure the ideas of the mother of the bride while her lovely assistant sides with the hillbillies. A fun time for sure.

### Preschool Graduation

The Junior Jags Running Club hosted their final 5k run on April 27<sup>th</sup> at 6pm. After an 8-week program of focusing on building their endurance & positive mindset, they were all able to complete the 3.2-mile race around the town of Stickney! Each participant earned a Jr. Jags medal to show their accomplishment!! There was a great turn out with lots of support from both communities. People assisted by running alongside the runners, making signs and cheering for them along the way. It was a great conclusion to an awesome season!

# Arbor Day

**Arbor Day Presentation:** Jody Hauge, Aurora County Conservation District Manager and Nathan Kafer, USDA Forester, visited the 5<sup>th</sup> grade class and passed out trees to each student. They spoke about how planting trees helps with conservation of the soils and landscapes and how important conserving our environment is for our future.

## Flag Etiquette

Jan Bruinsma and Sharon Artz, representing the Stickney Legion Auxiliary, taught proper **flag etiquette** to the students when they visited Mrs. Juhnke's 3rd grade class. They also gave each student their own small flag and a dictionary. Thank you ladies for helping us learn patriotism.

TEACHING STUDENTS DECISION MAKING  
FOR SAFE & HEALTHY LIVING

Aurora Count Sheriff-Roman Briggs conducted the **DARE Graduation** at the Elementary campus after several weeks of visiting the 5<sup>th</sup> Grade classroom and presenting the DARE program to the students. Kynzie Mulder, Olivia Van Genderen, and Evelyn Vilhauer are pictured below reading their reports on how the DARE program affected them and how it will help them in the future to make better choices.

Mrs. Hosman's 2<sup>nd</sup> graders had a fun time making spring flower bouquets for their mothers with the help of Sheryl Spaans. She brought in several options for the students to choose from to personalize their pretty creations.

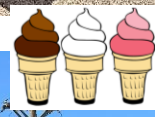

*Thanks Sheryl Spaans!*

## Habitat Dioramas

The last two weeks of school, 1st graders worked on an Animal Research project. Students drew out of a hat to select their animal. The "at-home" portion asked students to create an animal habitat diorama. During school, they used their computers and a collection of books to research the animal's habitat, diet, life cycle, predators, and fun facts they have learned. They compiled the information, along with a picture, into research books. They displayed their habitats and research books for other classes to see.
