

Cast, Crews Prepare Comedy Swing Choir, Band Presents Pops Concert

Names of cast members for the humorous play, "The Nut Factory", were posted on Miss Wagner's door two weeks ago. The play will be presented in the gym at 8:00 p.m. on April 14 and 15. Director is Miss Wagner, student director is Mona Maunder's, and prompters are Dave Buck and Karen Brouwer. The following is a summary of the play.

The McNutt sisters (Sandy Beukelman, Connie Everson, and Kathy Kuyper) are going nuts. The resident psychiatrist of their 'half-way house' for emotionally disturbed adolescents is missing. The inspector is due any minute. They are one patient under their minimum quota and to put it mildly, in trouble. Undaunted by details, Christine (Kathy) persuades her boyfriend, Barry (Bob Bamberg), to put on a false beard, intern's jacket, and pose as their missing Viennese psychiatrist, while Karen (Connie) pretends to be a patient. She even maintains this pretense when the examiner turns out to be a handsome young man (Delwyn Vreugdenhil) she's been meeting and gradually falling in love with while she's doing research at the library. He's equally interested in her and believes that she's suffering from a mild neurosis. Naturally, he consults the phony psychiatrist and then the troubles really multiply.

Other members of the cast are, Dukey (Dave Holstein), Cindy (Laura Noteboom), Mrs. Johnson (Phyllis Olawsky), Mr. Johnson (Darwin Brouwer) Herbie (Brian Van Genderen) Mrs. Cromwell (Paulette Vanden Hoek), Olivia (Jean Bormann), Prudence (Mona Maunder's), Bill (Dave Buck), Shirley (Rose Dref), Sally (Sheryl Beukelman), Jeannie (Deb King), and Estelle (Karen Brouwer).

Swing Choir, Band Presents Pops Concert

The swing choir, directed by Mrs. Maribeth Hoek and stage band, conducted by Mr. Ralland Bartelt will present the annual Pops Concert in the high school gym March 31 at 8:00. Everyone is invited.

The swing choir will sing seven songs: "My Sweet Lady," "Yesterday Once More," "Don't Take Away the Music," "What's the Use in Prayin'," "Rock Around the 50's," and "The End of the World."

The stage band will be playing "Vamp Till Ready," "Feelin' Fine," "Song for Rainy Day", "Fabulous Funk," "Rock in Fourths," "In Search of a Seventh," "Basically Blues," "Minor Incident."

The songs that will be combined by swing choir and stage band are: "Rock Around the 50's," and "Don't Take Away the Music."

Three Win In Contest

Winners of the 1977 creative writing contest are: Poetry-Colleen Olivier Short Story-Karen Brouwer, Essay-Judy Olawsky.

The three winners were chosen on March 15 from 25 entries. Judges for the contest were Ms. Becky Pace, Miss Jo Ann Ebeling, and Miss Irene Wolbrink. Each winner will receive a prize of five dollars.

Work has started on the publication of the literary magazine. Karen Vreugdenhil is designing the cover. Editor Paulette Vanden Hoek stated that, "It will hopefully be finished by Easter." Phyllis Olawsky is the other editor.

Create Your Entertainment

It could be just me, but it really seems like this school year was really different from other years. Everyone seemed to be bored and uninterested. School shouldn't have that effect on anyone. Sure, school is harder for some people than others; some would rather be doing other things, but there should be certain aspects of school that may interest or excite you. There are plenty of things students can get involved in. It isn't too late to get active in track. If athletics isn't your area, how about music? There will be plenty of open spots in swing choir and stage band next year. How about being on a crew for a play? The drama department can always use extra hands to construct the new flats. Have you thought about working this summer? It would probably be a good idea to start hunting for a job. Next year the annual staff and paper staff will need people willing to contribute their time. The size of the football team has been going down-- why?

You people who are bored are probably that way because you are waiting for other people to entertain

Are You A Survivor?

by Miss Wagner

Getting out of school should not be the goal of a lifetime. However, what you do there influences everything one might want to do or be able to do later in life.

I am concerned about the students who choose to make their high school days one of a "four year sentence" rather than an academic and social accomplishment. The four years of high school are a growing up period of finding yourself and your place in the social structure. This is the place where your character is pretty much established and your potential discovered. Your attitude about everything is tested, and your knowledge is expanded.

Every year at this time the teachers, administrators, and others are asked to give references for graduating students on their college or job applications. Now some references are very easy to give, others are either difficult or impossible.

We are asked about your character and attitude. They want to know about your neatness and promptness. They ask if you are respectful, honest, a leader, and if you adapt to new situations. They also ask if you get along with teachers and other students.

Now you ask, what has this got to do with your grades and school? Well, most of it is an observation of your conduct in class and in activities. Most of it, however is your attitude towards everything you do. This is one item that show through in any situation. Attitude affects your personal qualities and your grades which is also an area asked of a reference. Why do we have A and B students making the "D" honor roll? Attitude. Why do some take "pride" in belittling others and destroying property? Attitude. I am convinced that the people who react with a positive attitude and accept

Our school doesn't offer as much as many of us would like to see but we can take advantage of the opportunities that are available to us. Don't let defeats stop us. Most of all--show enthusiasm and create some of your own entertainment! KK

Board Closes Markus School, Approves New English Books

by Wanda Oakland

The school board got down to business again Monday evening, March 14, at 8. The usual procedure of approving bills, etc., was taken care of and the board moved on to other matters of importance.

Ms. Nelson brought before the board the subject of new English books for the high school next year. The school is in need of new grammar books and Ms. Nelson made this point by presenting the old grammar books to the board. The series she recommended is American English Today. After the board examined the books, a motion was made and seconded to order the books for the next school term. The new grammar books will replace Effective English with a 1961 copyright. Ms. Nelson urges anyone interested in looking at them to stop in to Room 1. Cost of the new English series will be approximately \$800.

The board was visited by Mr. and Mrs. Earl Everson and Mr. and Mrs. Dennis Markus, patrons of Markus School. They discussed whether or not to keep Markus open for another school term as the number of children attending will be down to four. A motion was made and seconded for the Markus students to attend Harrison school. Bus routes would be worked out so the children could ride the bus.

Aries Push Ahead, Get

What They Want

by Wanda Oakland

Aries is the first sign of the zodiac. It represents birth as Pisces represents death. The ram is conscious only of himself, and his needs come first. When the Aries person has an idea or something he wants to get off his mind, he'll call you at four in the morning without a second thought. He wants something. He gets it.

What you see before you is what he is. There's nothing hidden or complicated about him. He's just as vulnerable and helpless as a baby. When stronger, more mature people force him or try to rule him he reacts in the only manner he knows --- yelling and causing so much disturbance, that people give in just to get peace.

It's a cinch to recognize the physical appearance of the ram. Aries have sharp features, seldom soft or blurred. The well-marked brows often join with the narrow bridge of the nose, forming the sign of the ram.

He will undoubtedly be at the head of his chosen career or involved in a profession on his own. You can look for a liberal attitude, lavish generosity with both time and material things, and a marked desire to lead everything.

Though Aries pushes ahead with confidence, caring little for the feelings of others, and his attitude, especially in youth, is "me first," he can be the warmest and most generous of all the Sun signs.

What Does Happiness Mean?

by Dave Holstein

According to the Webster dictionary, the word "happiness" means "good fortune; prosperity, the condition of being happy; contentment; gladness." In my opinion happiness could mean a variety of things. It could mean a party or competing in sports, participating in something you like to do. It also could mean being a part of someone special such as a girl or boyfriend. It could mean simply a sunny day or being a winner at something. It could mean the end of a school year, or the beginning of something special. To young couples graduating from college, it could mean marriage.

I asked this question of some CHS students: "What is happiness to you?"

- Donn Bordewyk - sleep and money
- Vera Hoekman - everyone else happy
- Tim Engelland - Cheryl Beukelman and driving a Buick
- Ivan Brouwer - I don't know, I guess Colleen
- Varen Vreugdenhil - Scott
- Barb Peters - State B's
- Lori De Vries - an arrival from Plankinton
- Sheryl Beukelman - swing choir and after
- Dianne Menning - a good time on Friday nights
- Forrest Stredde - Vikings winning a superbowl

CHS Students To Compete

The annual CBH Mathematics Contest will be held at the Artesian Legion Hall Tuesday, April 5, at 1:00 p.m. There will be 12 CHS students attending the contest, three students from each high school math class.

Those going are Karen Brouwer, Cindy Baier, and Lynette Olawsky, Algebra I; Sheryl Beukelman, Cheryl Bamberg, and Rose Drefs, Geometry; Laura Noteboom, Ivan Brouwer, and Paulette Vanden Hoek, Algebra II; and Kathy Kuyper, Delwyn Vreugdenhil, and Darwin Brouwer, Trigonometry.

Eighty question, multiple choice tests will be given and will last one hour. Team points will be as follows: first, 6 points; second, 4 points; third, 3 points; fourth, 2 points; and fifth, 1 point. The students will be chaperoned by Miss Marjorie Wagner and Miss Kathleen De Vries.

Junior's Top Attendance

The following students had perfect attendance for the third nine-week period:
Seniors - Darwin Brouwer,
Juniors - Charles Anderson, Jean Bormann, Ivan Brouwer, Tim Engelland, Londa Groeneweg, Steve Groseth, Phyllis Olawsky, and Doug Flooster;
Sophomores - Cheryl Bamberg, Lori De Vries, and Rod Van Roekel;
Freshmen - Bryan Bakker, Karen Brouwer, Suzanne Fisher, Doris Mulenburg, Lynette Olawsky, and Kim Van Roekel;
Eighth Graders - Brenda Buck, Tom Dockendorf, John Engelland, Edith Heber, Rennee Moke, Mark Olivier, Ione Star, Terry Van Maanen, and Calvin Spaans;
Seventh Graders - Julie Baier, Linda Beukelman, Leanne De Vries, Lisa Gerlach, Kathy Kredit, Jim Flooster, Kevin Van Maanen.

Survivors

(cont. from p. 2)
their accomplishments and disappointments are the survivors. They will be able to handle any difficult situation with some positive action. They know themselves and like what they see.

What I am getting at is: what happens to those who don't develop that positive attitude who don't learn that your character is almost as important as your grades?, who will not get that good reference and therefore into the job or college you want?, who never like themselves, those who just can't cope? Think about it, because if you fall into this category you are not among the survivors!!!

28 days until prom
53 days until sr. graduation
60 days until school ends

School Board

(cont. from p. 3)
There is a possibility that school will run until May 24 because of spring-break, March 10-11. The board tabled the decision until next month to see if there would be any more snow days. Also Mr. Hall had to check with the state on the matter.

The board met in executive session to discuss the contracts for the teachers. No one is allowed in these sessions except the members of the board.

The next school board meeting will be held April 11.

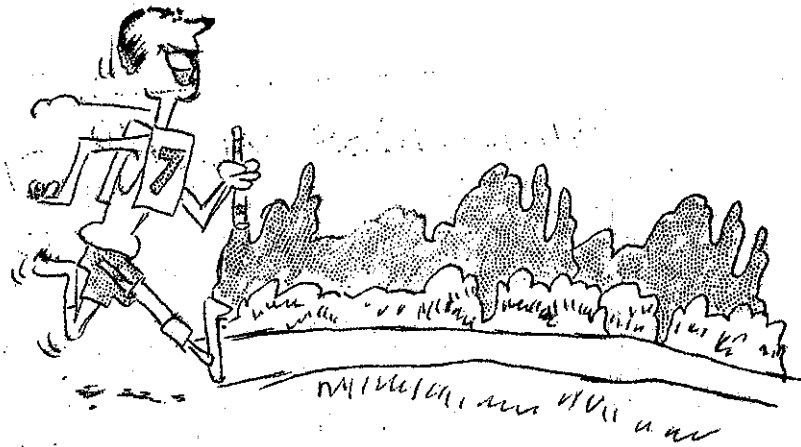

Girls Track Takes Off

The 1976-77 season for girls track is now in full swing. So far twenty-one girls make up the team. Coach Butch Reinesch says the girls team should be very successful with eight returning letterwomen and a lot of new talent. The Comets will try to add to their five trophies and break some records including two which they hold at Wolsey, one at Stickney and two at the Regional meet.

The girls out for track are: three juniors Barb Peters, Laura Noteboom and Dianne Menning; five sophomores Sheryl Beukelman, Deb King, Mona Maunders, Rose Drefs and Nancy Spaans; six freshmen: Cindy Baier, Sue Fisher, Kim Van Roekel, Becky Weerheim, Rhonda Uttecht and Lynette Olawsky; four eighth graders: Rennie Schrank, Ione Star, Edith Heber and Renee Peters; and three seventh graders: Cherie Bakker, Kathy Kredit and Sharlene Drefs.

The girls will begin their season with the Dan Lennon Invitational in Vermillion April 1. Below is the girls track schedule; the schedule is subject to change.

THE TIME OF OUR LIVES
A recent article in the Eureka High School paper gives an idea how we spend our lives.
Let's say you live 75 years. 25 of those years are spent sleeping. You spend 6210 days eating, 27 weeks taking showers or baths, 95 days drinking water, 247 days talking about the opposite sex.

SIX LETTERMEN RETURN

Boys Track Underway

by Dave Holstein

This year the boys track season looks very promising. There are six returning lettermen. They are seniors Mark Noteboom and Darwin Brouwer, junior Ivan Brouwer, sophomores Jeff Hamburg, Rod Van Roekel and Dwight Flooster. Others participating are seniors Craig Wagner, Dave Holstein and Mike Vanden Hoek, juniors Les Groeneweg and Scott Muckey; sophomores Brian Jendersee and Mark Bormann; freshmen Dave Bordewyk, Tim Noteboom, Bryan Bakker, Travis Vander Pol and Jon Maunders. The Comets lost only two seniors last year so the relays should be pretty strong. Track practice started Tuesday, March 15. The boys will be doing a lot of road work the first week and then will start working on sprinting, long distance, shot put, etc. The Comets' coach is Ron Leischner. The first track meet will be held at Vermillion April 2. Below is the boys' track schedule.

Les, Darwin Named To CBH Team

Les Gorenweg and Darwin Brouwer were named to the All-Conference basketball team. Other conference team members are: Bob Parsons, Mt. Vernon; Ray Sundstrom, Artesian; Bob Jacobson, Letcher; Mike Wieszoriek and Calvin Helmus, Stickney; Ron Kristensen and Ron Glissendorf, White Lake; Rick Hohn and Bruce Nearhood, Ethan; and Vic Schamber, Plankinton. Mark Noteboom and Scott Muckey received honorable mention for the Comets.

The players were selected by the conference coaches at the meeting March 8 at Stickney.

Comets End With 12-7 Record

by Forrest Stredde

The Corsica Comets basketball team finished the year with a 4-4 Conference record and a 12-7 overall record. The Comets were eliminated in District #27 first round by Stickney 75-63, but won third with a win over Plankinton 78-41.

The Comets were led in scoring by Les Groenweg with 299 points (15.7 per game) and Darwin Brouwer with 277 points (14.5 per game). Darwin Brouwer, Les Groenweg, and Ivan Brouwer led in rebounding with 204, 173, 147 total rebounds re-

spectively. Scott Muckey led in free throws with 51 out of 71 for a 72% for the year, and in assists with 42.

The team shot for a 43.4 per cent clip from the field with 518 shots made out of 1194 attempts and 51.4 from the line with 249 out of 484. The Comets outscored their opponents. 67.6 points per game to 60.2 per game with a final total of 1285 points to 1144 points. The Comets will have four returning lettermen next year and are losing two seniors.

SPRING INTO SPRING WITH HEALTHY EXERCISE

Now that it is spring, there are plenty of fun things to do outside that are good exercise. The President's Council on Physical Fitness and Sports evaluated 14 popular forms of exercise for heart and lung endurance, muscular strength, weight control, digestion, and sleep. The 14 activities (listed from most to least beneficial) are: jogging, bicycling, swimming, skiing, basketball, tennis, calisthenics, walking, golfing, softball, and bowling.

IN LESS THAN A SECOND, DEATH.....

If you are going to be one of the fatal statistics in the massacre on our highways, you should know that it will be all over in about seven-tenths of a second. This is the way it will happen if your car, traveling only 55 miles an hour, smashes head-long into a tree:

One-Tenth of a Second

The front bumper and chrome "frosting" of the grill work collapse. Drivers of steel penetrate the tree to a depth of one and one-half inches or more.

Two-Tenths of a Second

The hood crumples as it rises, smashing into the windshield. Spinning rear wheels leave the ground. The fenders come into contact with the tree, forcing rear parts out over front doors. Heavy structural members of the car begin to act as a brake on the terrific forward momentum of the two-and-one-half ton car. But your body continues to move forward at the vehicle's original speed (20 times the normal force of gravity, your body weight: 3,200 pounds). Your legs ramrod straight, snap at the knee joints.

Three-Tenths of a Second

Your body is now off the seat, torso upright, broken knees pressing against the dash board. The plastic and steel frame of the steering wheel begins to bend under a terrible death grip. Your head is now near the sun visor, your chest above the steering column.

Four-Tenths of a Second

The car's front 24 inches have been demolished, but the rear end is still traveling at an estimated speed of 35 miles per hour. Your body is still traveling 55 miles per hour. The half-ton motor block crunches into the tree. The rear of the car, like a bucking horse, rises high enough to scrape off low branches.

Five-Tenths of a Second

Your fear-frozen hands bend the steering column into an almost vertical position. Force of gravity impales you on the steering shaft. Jagged steel punctures lung and intercostal arteries. Blood spurts into your lungs.

Six-Tenths of a Second

Your feet are ripped from your tightly-laced shoes, or your "loafers" go flying. The brake pedal shears off at the floor boards. The chassis bends in the middle, shearing body bolts. Your head smashes into the windshield. The rear of the car begins its downward fall, spinning wheels digging into the ground.

Seven-Tenths of a Second

The entire, writhing body of the car is forced out of shape. Hinges tear, doors spring open. In one last convulsion, the seat rams forward, pinning you against the cruel steel of the steering shaft. Blood leaps from your mouth, shock has frozen your heart. You are now dead. Better Drive Carefully-Think About It!!!!

A MESSAGE FROM THE CHS SAFETY COUNCIL
